

# Just a few of the many reasons you should select and install a **Selco Seal®** gasket

- 1) The unique design of the gasket results in an encapsulated sealing element resulting in superior performance, even under conditions of extreme thermal-cycling.
- 2) A design that enables us to take advantage of a thinner corrugated metal gasket with superior sealing capabilities.
- 3) Less potential bolt load stress.
- 4) The Self Locator design allows a reduction in inventory costs.
- 5) The gasket cannot be over torqued.
- 6) Labor costs are reduced, as re-torquing is not required.
- 7) Three (3) Year Warranty.
- 8) The gasket has been tested under the harshest conditions by the US Navy and aerospace firms.
- 9) More years in service than any other performance gasket.
- 10) Less turnaround time and less weight to ship.

A gasket sold and utilized worldwide.

Why use anything else?

Seal it with the **Selco Seal®** gasket
